

Maya Elhalal

Founder of ESH Media and Editor of Longevity.Science

“All women in Forbes '50 most influencing women in Israel' impact our lives in the present, some influence the future, and Maya Elhalal, one of the most interesting entrepreneurs in Israel, takes it even further – she wants us to think bout the future today, before it's too late”. Forbes Israel, Aug 2015.

Maya Elhalal (מיה אלחלל), Founder of ESH – Future Formats, is a curator and host of conferences on progress in medicine, specifically health-span research and technologies. She is also the editor of the daily news site Longevity.Science. In 2015 Maya was featured in Forbes list of 50 Influential Women in Israel, and in The Next Web global list of recommended women speakers on science and technology.

Maya speaks about the acceleration of innovation in health, and its impact on entrepreneurship and longevity. She is the co-academic-director of 'The Future of Health' executive education program at the IDC Herzeliya, and formerly (2006-2010) she taught New-Media entrepreneurship at the IDC Global MBA and the Zell Entrepreneurship programs.
